## HOW TO PLAY

**The Object:** Slide the Red Car through the exit to freedom!

**Set Up:** Select a challenge card and place the cars and trucks on the traffic grid as indicated by the illustration.

**To Play:** Slide the blocking cars and trucks in their lanes—up and down, left and right—until the path is clear for the red car to escape. Vehicles can only slide forward & backward, not sideways.

**One Rule:** No lifting the cars or trucks off the traffic grid surface. Stay in your lanes!

**If You're Stuck:** Just dump the pieces out of the grid and start over.

**If Your Brain Stalls:** The complete move sequence solution is printed on the back of each challenge card.
